Clear Blue 100 Lock N Load

About this Product

Lock N Load Jr. 1-Glass and Multi-Surface Cleaner is a blend of water soluble solvents, organic surfactants and water conditioning agents. It is formulated to provide a streak free cleaner for all hard surfaces. This product is highly dilutable and extremely effective. It powers away greasy smudges, dried on dirt, and water spots on all glass and hard surfaces. This concentrated formula is made to be diluted with water to provide the most economical performance. It may be used on all glass surfaces, windows, shelves, tabletops, mirrors, etc.

Directions

To dispense the product, attach the Lock N Load Jr. dilution unit or adapter cap onto the green insert in the opening of the bottle. The dispensing system is factory set to properly dilute the concentrate with water. For a water driven system, connect the system to a water line to dilute the product. Lock N Load Jr. products are designed to be used with a dilution system. Using the dispensing system will ensure that the concentrate is diluted correctly. The green insert in the opening of the container should never be removed. If the green insert has been removed, the contents of the container and the container should be properly disposed of.

PRECAUTIONARY STATEMENT

Prevention: Keep away from heat/sparks/open flames/ hot surfaces. No smoking. Keep container tightly closed.
