Abracadabra

About this Product

Abracadabra is a blend of anti-foaming agents and water conditioners. It is intended for commercial use in carpet extraction and cleaning equipment. It can also be used in automatic scrubbers and other vacuum operated systems. This concentrated defamer is designed to eliminate foaming due to residue left by carpet cleaning chemicals and other foaming cleaners. It quickly knocks down foam to give more efficient pick-up of extractor detergent solutions, and prevents foaming in the recovery tanks. Abracadabra can be used in other powered equipment that requires an anti-foaming agent. Always apply a small amount to test for effectiveness.

Directions

Always shake before use.

If foaming occurs on the carpet or in the recovery tank, pour 2 ounces of Abracadabra into the vacuum hose. This will eliminate foam in hoses and the recovery tanks.

Abracadabra can also be added directly to the recovery tank of the extraction equipment or automatic scrubber.

PRECAUTIONARY STATEMENT

Prevention: Wash hands and exposed skin thoroughly after handling. Wear protective gloves. Wear eye protection/ face protection.

Response:

IF ON SKIN: Wash with plenty water. Specific treatment (see Section 4 on the Safety Data Sheet) If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing before reuse.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

DANGER: Causes skin irritation. Causes serious eye irritation.
